Terms and Conditions

Marquee Hire Direct is a trading name of The Highfield Group, their subcontractors, agents and or representatives and are referred to in these Standard Terms and Conditions as the 'Owner'. The 'Hirer' is the person, representative, agent, company, firm or the like, taking the Owners Equipment on hire/sale. The 'Equipment' is the equipment or service supplied on hire/sale from the Owner.

01. General

- 01.1. These Terms and Conditions apply to all Contracts entered into by the Owner and shall not be excluded by any other Terms and Conditions whatsoever.
- 01.2. A Quotation given in writing will be binding by the Owner for a period of 14 days from the date shown on the Quotation unless shown differently on the Quotation.
- 01.3. A Quotation is accepted by the Owner from the Hirer either by email, in writing or verbally. On acceptance, the Owner will issue a Confirmation of Booking and invoice for the deposit payment if applicable. The deposit, if applicable, is payable upon receipt of the invoice and will normally be 10% of the value shown on the Confirmation of Booking. When the Owner receives both payment of the deposit AND a signed Confirmation of Booking, the hire is confirmed. The signed Confirmation of Booking forms the Contract between the Owner and the Hirer and is strictly subject to these Terms and Conditions.
- 01.4. The Owner retains title of the Equipment at all times unless an item of Equipment is clearly shown as sold. If sold, title of the equipment will not pass until the Owner has received payment in full by cleared funds from the Hirer. In the event the Hirer sells the Equipment with or without permission of the Owner, the Hirer does so as an agent of the Owner and any monies due/paid will be payable directly to the Owner. Any monies received by the Hirer for Equipment sold prior to payment in full to the Owner will be held for the benefit of the Owner.
- 01.11. Should the Owner fail to meet the obligations contained in the Confirmation of Booking, the total liability of the Owner will be limited to an amount being twice the hire charge as shown on the Confirmation of Booking.
- 01.12. The Owner will do all possible to supply the Equipment as shown on the Confirmation of Booking but reserves the right to vary such Equipment should the need arise and will accept no claim for compensation.
- 01.14. The Owner will not be responsible for colour match to other equipment either where hired from elsewhere or owned by the Hirer.
- 01.15. The Owner will not be responsible for compatibility to other equipment either where hired from elsewhere or owned by the Hirer.
- 01.16. The Owner will not be responsible for best fit of the Equipment where it is to be used with any other equipment either where hired from elsewhere or owned by the Hirer. The Hirer is totally responsible for making any necessary adjustments to suit.
- 01.17. The Owner will accept no responsibility or liability for non-fulfilment due to war, civil commotion, riot, adverse weather conditions, force majeure, fire, breakages, government controls, priority regulation, scarcity of equipment, labour problems, transport difficulties, acts of God or any other situation which may from time to time arise and are beyond the control of the Owner.

02. Insurance

- 02.1. It is the Hirer's responsibility to ensure that the Equipment is hired from the Owner on a full and old for new reinstatement basis. Confirmation of cover in place at all times during a hire period is to be provided to the Owner by the Hirer prior to supply of Equipment. The Owner will retain insurance details provided by the Hirer for the event of further hire. The total replacement cost will be shown on the Quotation/Confirmation of Booking.
- 02.2. The Hirer is totally responsible for all Equipment on hire from time of delivery/collection by the Owner or collection /return by the Hirer.
- 02.3. The Hirer will indemnify the Owner against all claims for loss or damage however caused unless it can be proven that the Owner was negligent or in breach of any Statute or Common Law.
- 02.4. The Hirer will indemnify the Owner against all claims for injury to any person whosoever and howsoever caused unless it can be proven that the Owner was negligent or in breach of any Statute or Common Law.

03. Cancellation

- 03.1. Should the Hirer cancel a Confirmation of Booking more than seven days before the hire date, the deposit paid is non-returnable. The Hirer will be required to pay the full amount of the charge shown on the Confirmation of Booking if a cancellation is within 7 days of the commencement date of the of the hire shown as shown on the Confirmation of Booking.

04. Delivery/Collection and Late Return/Loss

- 01.5. 'Dry hire' is the trade hire of Equipment only. Dry hire is on the basis that collection, return, build and dismantle is the total responsibility of the Hirer using their own vehicle/s, plant and qualified staff.
- 01.6. 'Wet hire' is the trade hire of Equipment whereby the Owner also builds and dismantles the Equipment on behalf of the Hirer. The price will include for the Owner to transport, build and dismantle the Equipment. 01.7. In respect of 'Wet Hire', the Owner will do all possible to meet delivery/collection dates quoted on the Confirmation

of Booking. The Owner will however not accept responsibility for any losses whatsoever involved in any delay caused outside control of the Owner.
